

A one day conference for state legislators, local government officials, water managers, regulators, environmental organizations, agriculture, industry and water utility end users and their scientific, engineering and legal advisors

November 16, 2016

COLORADO GROUNDWATER ISSUES

The American Ground Water Trust's Annual Colorado Groundwater Conference

Wednesday
November 16, 2016
8:30 – 4:45

DoubleTree by Hilton-Denver,
3203 Quebec Street, Denver,
CO 80207

Conference Organizer: American Ground Water Trust (501(c)(3) non-profit education organization)

The 2016 Program will include presentations, panels and discussion on:

Managing groundwater in Denver Basin aquifers
Managing groundwater as part of a potable reuse system
Water leasing as an agriculture friendly option to buy-and-dry
Administration of Designated Groundwater for Compact Compliance
Water banking, water reallocation and water rights trading In Colorado
Legislator Panel: What new legislation is needed (or expected) in 2017?
The groundwater component of the South Platte Decision Support System
Growth of private sector Investment in Colorado's water storage infrastructure
Will multiple cycles of reuse make downstream supplies susceptible to salinity?
Over-augmentation/sub-irrigation/rising groundwater: can the problem be fixed?
Groundwater models and Water Administration decisions in the Rio Grande Basin
How proactive water conservation Plans Can Result in a win/win for all Stakeholders

Presenters and panelists and full program details will be posted soon

THIS ANNUAL EVENT IS A MUST ATTEND PROGRAM FOR ALL PROFESSIONALS INVOLVED WITH COLORADO'S GROUNDWATER AND WATER RESOURCES MANAGEMENT. IF YOUR BUSINESS IS DEPENDENT ON AN ASSURED WATER SUPPLY THEN YOU NEED TO ATTEND!

As in the conferences of previous years, there will be an invited panel of State legislators participating in the program to discuss Colorado's water policy priorities.

The program has become established as a great annual information-exchange and networking opportunity for water-users, providers, managers, scientists, engineers, attorneys, regulators and city, county and state elected representatives.
