

American Ground Water Trust Annual Scholarships

Our scholarships are for entry level college students intending to pursue a career in the field of groundwater. There are three scholarships for those interested in a career in the field of groundwater. Please review the eligibility requirements, print out and complete the application form, and mail or email it along with the supporting documents to the address at the bottom of the scholarship application. **Please note: By filling out one application form you will be considered for all scholarships.** If you have any questions please call the AGWT at 603-228-5444.

Scholarship Rules

The Scholarship Program seeks to

- stimulate interest in ground water related study and research projects in the junior and senior years of high school.
- encourage high school students to consider careers specializing in the provision and protection of ground water resources.
- focus attention on the need for trained specialists to ensure that the U.S. continues to maximize the environmental and economic benefits of its ground water resources.

The Award

- Payment of the scholarship award is made directly to the college/university.
- Scholarship recipients will be listed in the AGWT newsletter announcement.

Rules for Application

1. For students entering their Freshman year in a full-time academic program of study at a four-year accredited university/college located in the United States.
2. Applicants must intend to pursue a career in a ground water related field.
3. Applicants must have a minimum 3.0 GPA in high school.
4. The college/university selected for study must offer appropriate courses.
5. The applicants must *either* have completed a science/environmental project at high school which directly involved ground water resources *or*, have had vacation/out of school work experience that is related to the environment and natural resources.
6. Applicants must be U.S. citizen or legal resident of the United States.

Application Procedure

1. Complete the Scholarship Application Form. (You will automatically be considered for all scholarships.)
2. A 500-word essay **and** a 300-word description of the applicant's high school ground water project and/or practical environmental work experience must accompany the application (see selection criteria below).
3. Application must be accompanied by two letters of recommendation (may be emailed separately).
4. Application should be received at the American Ground Water Trust by **May 31st**.
5. Documentary evidence of scholastic achievements and references will be requested from finalists.
6. The Trust will communicate to all applicants (successful and unsuccessful) by the end of July.

Criteria for selection

Initial **selection of finalists** will be based on:

1. Essay- "*Groundwater-an Important Environmental and Economic Resource for America.*" (include citation page).
2. Description of the ground water related project and/ or work experience.
3. Two letters of recommendation.

The final **selection for the scholarship award** will be based on the above criteria and on:

- The strength of support provided by the applicant's references.
- A review of final high school transcript.
- Written confirmation of intent to attend the college/university.

American Ground Water Trust
